

CALL FOR PAPERS

VOL. ChE 32, NO. 2, JUNE 2024

SCOPE

Topics of interest include, but are not limited to:

- Chemical Engineering Science and Education
- Process Engineering and Practice
- Bio Engineering (Biochemical, Bimolecular, Biomedical)
- Novel and Emerging Separation Processes
- Occupational Safety and Industrial Hazards
- Environmental and Sustainable Development
- Pharmaceuticals, Basic and Fine Chemicals
- Climate change impacts, mitigation and adaptation, and loss and damage
- Topics of special interest for Bangladesh (oils & gas, fertilizers, textiles, cement, pulp & paper, paints, ceramic, petrochemicals and power)
- Process Design and Simulation
- Natural Gas Engineering
- Polymers and Synthetic Fibers
- Reaction Engineering
- Thermodynamics
- Process Control
- Food and Agro Process
- Air pollution
- Energy Technology
- Waste Management
- Chemical Process Safety
- Corrosion science and Engineering

SUBMIT YOUR ARTICLE TO
chem.engg.div.ieb@gmail.com

BEFORE 31 JULY 2024
